Shop high-speed optical transceivers from Unitekfiber. We offer 100% compatible 40G, 100G, and 400G QSFP-DD modules for data centers. Expert technical support & wholesale pricing.

The 100G QSFP28 module solution provides high-performance 100GbE connectivity for data centres, enterprise core & distribution layers, computing networks and ...

It is ideal for 100G Ethernet, 128GFC Fibre Channel, and OTN OTU4 connectivity, such as data centers, high-performance computing networks, enterprise cores, and distribution layers.

A 100G optical module is a high-speed optical transceiver that is capable of transmitting data at a rate of 100 gigabits per second. These modules are used in a variety of applications, ...
