

10kV Rectangular Hard Busbar Fittings

Eaton offers numerous busbar manufacturing technologies, ensuring the right busbar for every application. Our primary manufacturing processes include progressive stamping, Computer ...

Choose from our selection of copper bus bars, including over 650 products in a wide range of styles and sizes. Same and Next Day Delivery.

High-performance 10,000 Volts Busbar Sleeve with flame-retardant, halogen-free polyolefin. Provides superior electrical insulation, shrink ratio 2:1, UL & RoHS compliant. Ideal for low-voltage protection ...

Tracking resistant busbar heat shrink tube, made of radiation cross-linked polyolefin.

Available in copper and aluminum, sheet, bar and rod form options. Feature braided cables that provide flexibility. Available in rounded rope braids that offer 360-degree movement. They are often used in ...

These board-to-busbar connectors are designed to meet OCP V3 power distribution architecture standards and are ideal for use in power shelves, BBUs, server/storage sleds, EV ...

The 10KV 2.5:1 heat shrink tubing is used for the busbar insulation in medium-voltage switchgear.

These grounding bus bars are highly customizable, featuring a variety of hole and slot patterns to meet specific project requirements. Burndy offers custom bus bar lengths up to 12 feet, allowing for tailored ...

BH-BBT-10KV 10KV heat shrink bus bar tubing provides high resistance to tracking and arcing and used to enhance the insulation properties of bus bar in switchgear and substation.

nVent ERIFLEX offers a variety of busbar accessories, including cabling sleeves, busbar clamps and connectors, and supports.
