

2-Optical to 4-Electronic Switch

The N7731C offers two independent 1x4 optical switches, ideal to connect up to four devices to a test setup, or to share up to four measurement instruments with the same device under test.

FW104GS-2F is an industrial full gigabit management Ethernet switch, which supports APOLLO visual cloud management, operation and maintenance. The equipment can be managed, operated and ...

Step 1 Please measure your foot length carefully. Step 2 Please choose the correct size according to your foot length and chinese size. For example, If your foot length is 255 mm, you should choose the ...

The switch consists of two ports that selectively transmits, redirects, or blocks optical power in a fiber optic transmission line. The optical switch must be actuated to select or change between two states.

XYT-TECH Sharetop 2x4 Optical Switch is famous for its small volume, reliable performance, simple control mode. It is an ideal Component for OADM,OXC,system monitor and protection.

Thorlabs offers a line of bidirectional fiber optic switch kits that include a MEMS optical switch with an integrated control circuit that offers a USB 2.0 interface for easy integration into your optical system.

Mouser is an authorized distributor for many optical switch manufacturers including Broadcom, Omron, onsemi, Sharp Micro, TT Electronics, Vishay & more. Please view our large selection of optical ...

Reduce the number of electrical switches while lowering costly optical-to-electrical-to-optical conversions in AI architectures.

4 Gigabit electrical ports + 2 Gigabit FX optical ports industrial Ethernet switch, supporting 4 100Base-T/1000Base-TX electrical ports and 2 1000Base-X optical ports. Products comply with FCC, CE, ...

2X4 Optical Matrix Switches allow simultaneous connection between 2 inputs and 4 output fibers,in a fully non-blocking,all-optical,cross-connect configuration.

2-Optical to 4-Electronic Switch
