

200G Tunable Optical Module from Indonesian Supplier

Our optical modules have passed the switch tests of commonly used brands such as Cisco, Huawei, Mikrotik, TP-LINK, H3C, HUAWEI, Ruijie, CISCO, HP, JUNIPER, INTEL, etc., with good ...

Visit Us at OFC'25 exhibition! Live demonstrations of the 1.6T and 800G product family of optical modules will be conducted during the OFC'24 exhibition, together with 800G LPO/LRO, 10/25G/100G ...

The Coherent 100G/200G CFP2-DCO 1200km optical module, using a 104pin CFP2-MSA connector, serves as an electrical interface to the system board. The module is mainly divided into ...

Modul 200G QSFP56 SR4 dirancang untuk beroperasi dalam kisaran suhu 0-70°C, memastikan bahwa modul ini dapat bekerja secara optimal bahkan di lingkungan yang keras. Faktor bentuk kompak dari ...

Suitable for DCI, metropolitan network and wide area network. Support single wavelength DWDM transmission of 100Gbps and above in DCI and long-haul applications. At 6COM, we test and control ...

Yes, our 200G Coherent module (CFP2-DCO-200G-M) is suitable for DCI, Metro and Regional/Long-haul applications, and the module supports 100G/200G speed and adjustable ...

WolonFiber manufactures strictly MSA-compliant 100G QSFP28 and 200G QSFP56, QSFP-DD, and heavy-duty CFP2 optical interconnects optimized for ultra-dense Spine-Leaf topologies and long-haul ...

CFP2-DCO module adopts a common C-band flex-grid laser source providing both transmitter and local oscillator signals, calibrated to provide 100 MHz frequency accuracy, and ±6 GHz local off-grid tuning.

Convert two channels of 100G signal into one channel of 200G coherent DWDM optical signal (200G CFP2-DCO). The CFP2-DCO coherent transceivers are capable of supporting flex-grid ...

Pada sisi line, modul mendukung 100G, antarmuka 200G dengan format modulasi berbeda dan kode forward error (FEC). Beberapa klien 100G dapat multipleks pada antarmuka sisi garis 200G tunggal.
