

6-core gyxtw aerial optical cable

Durable 6-core GYXTW fiber optic cable with steel wire reinforcement for aerial/duct installation. Features water-blocking, high tensile strength, and G652D/G657A1 fiber grade.

The central loose tube optical fiber cable GYXTW is suitable for installation in aerial or duct environment for communication between bureaus, metropolitan network, access network.

This cable features 6 single-mode fibers with a stranded loose tube structure, making it ideal for overhead aerial installations. It offers excellent tensile strength, water resistance, and durability, ...

6 Core GYXTW Fiber Optic Cable Unitube Light-armored cable Aerial Duct Direct Burial two parallel steel wires 1.2mm strength members with a water-resistant filling compound Jelly. This ...

Durable 6-core armored fiber optic cable with steel wire reinforcement, ideal for aerial and duct installations. Resistant to water, rodents, and extreme temperatures.

GYXTW is an outdoor use optical fiber cable suitable for duct and aerial applications. We supply GYXTW from 2 fiber cores to 24 fiber cores.

GYXTW - 6B1 G652D single mode fiber optic cable is ideal for outdoor aerial and duct laying. With CLT structure and PE sheath, it offers reliable performance. | Alibaba

These central loose tube optical fiber ribbon cables are suitable for installation in aerial or duct environment for communication between bureaus, metropolitan network, access network and is ...

We can manufacture and supply a wide range of fiber optic cables with 20+ years of experience.

Main products are optical fiber cables, data cables, communications cables etc. Its yearly productive capabilities are 4 million core kilometers, 0.5 million boxes, and 6 million pair kilometers respectively.
