

Automatic Optical Cable Cutting Machine

Automatic Optical Fiber Cutting Machine is applied for producing fiber optic patchcord, and it is a professional equipment with measuring length / cutting and winding functions. It could cut different ...

Full automation: automatic completion of the whole process from raw material to the finished product, including length measuring, counting, fiber optic cable, cut off and coiling, etc .

Automatic Optical Fiber Cutting Machine is applied for producing fiber optic patchcord, and it is a professional equipment with measuring length / cutting and winding functions.

Automatic Rotary Cutting Machines Utilize precision circular (rotary) blades to slice through fiber optic cables and reinforced materials with exceptional accuracy. These machines are ideal for applications ...

It can cut cables of different sizes and wind them into the desired length and annular, with advantages of measuring accurately, a series of cutting, winding, easily automatic operation.

The circuit is equipped with a double automatic protection device for frequency offset and excess The fully automatic fiber optic cable cutting machine is a special equipment used for measuring, cutting ...

Fully Automatic Fiber Optic Cable Cutter 450 is a machine designed for precision cutting of fiber optic cables. It is a fully automated machine that can cut and strip fiber optic cables quickly and accurately, ...

2-Piece Set High Precision Fiber Cleaver A-6C Suitable For Fiber Optic Hot Melt & Cold Welding, Automatic Return Design Fiber Optic Cable Cutter And 3-Port Fiber Optic Stripper

Full automation: automatic completion of the whole process from raw material to ...

Automatic Fiber Optic Cable Cutting and Rolling Machine A special machine for cutting and rolling cable during production line of 2.0 - 12mm simplex or duplex fiber optic patch cord.
