

# China Optical Cable Hydrogen Purification Equipment

PERIC Hydrogen Technologies Co., Ltd is a wholly-owned subsidiary of the Purification Equipment Research Institute of CSSC. PERIC is headquartered in Handan City, Hebei Province.

Our China manufacturers & suppliers will provide a full-service to keep you up and running and meet your unique equipment requirements.

The present invention relates to a kind of refrigerating unit, be specifically related to a kind of use hydrogen and carry out drawing optical fibers on-line cooling device.

HENGTONG has realized factory informatization, lean manufacturing and management informatization. It has systems in place to trace quality. Certified by: CE, KEMA, BV, ABS, DNV, CC, UL, GL, ROHS, ...

As a leading domestic provider of clean energy refueling equipment, Hopu has achieved remarkable success in the emerging hydrogen energy field, ranking among the top in China for hydrogen ...

ZTT Power Optical Cable is known for its high quality and ex-cellent performance. Its products are exported to more than 140 countries and regions at home and abroad, with an online oper-ation of ...

By consolidating fragmented studies, this review provides the integrated manufacturing perspective on China's hydrogen supply chain, offering both scientific insights and practical guidance ...

Providing customized solutions for the design, installation, and operation of hydrogen purification plants. 21 independent gas separation and purification technologies and 30 types of proprietary molecular ...

Their equipment can be customized to meet the specific demands of customers, with options for filling pressures of either 35MPa or 70MPa and daily filling capacities (over a 12-hour period).

Over the 35 years of engineering and manufacturing experience and latest equipment provide standardized quality you can count on. We understand the critical importance of timely delivery and ...
