

Clip for clamping the optical module

CommScope designs and manufactures a variety of Fiber Cable Clamps and Grounding Kits

Discover the versatile addition to our range of metal and plastic cable clamps: the Ratchet P-Clamp. The innovative design makes it possible to fix wires, cables, hoses and pipes on a single mounting point ...

Harwin's shield clips work with standard or custom can sizes from 0.13 mm to 1.00 mm thick. With no secondary manual soldering operations, shield cans quickly and easily slot into the clips.

ZION Communication focuses on optical fiber cable hardware products, offering FTTH and ADSS series solutions--including stainless steel, nylon, and ...

Ideal for Mounting Laser Tubes and Large Optical Elements ¼-20 Tap Hole Allows Mounting to 0.50" Diameter Post

These general purpose fiber clamps provide easy means for incorporating glass or plastic optical fibers into optomechanical post assemblies or SM1-threaded components. The precision V-groove and ...

Package includes 10 grounding clip and lug bracket clamps for solar module mounting systems. Notes Confirm compatibility with your module frame thickness, rail profile, and grounding conductor size ...

FPH Fiber Chucks and Holders are designed to terminate bare optical fibers and provide precise coupling and mounting within optical systems. Compatible strain relief boots and fiber clamps are ...

ZION Communication focuses on optical fiber cable hardware products, offering FTTH and ADSS series solutions--including stainless steel, nylon, and composite flat cable drop clamps, tension clamps, ...

The small flat optical component fixing clip provided by JCOPTIX is compact in size, greatly avoiding interference with other optical components and suitable for optical systems with limited space.

2-piece kit Fiber optical thermal stripper M8 & fiber optical cleaning clip compatible with bare fiber/bundle and ribbon fiber for 1-48 core dual heating mode and 8-level temperature regulation.
