The company was founded in 1982 as a supplier of electrical installation products to the Middle and Far East markets and now operates primarily in the UK and European Union.

Cable trays for industrial and marine use. Includes distribution trays, cable routes and NATO-type models. Request a quote directly via our webshop.

Our cable tray products are widely used for the convenient, reliable, efficient and safe management of electrical cables used for power distribution, control and communication.

These products are designed to carry heavier cable loads compared to the standard perforated cable trays. This product group offers easiness in vertical applications.

Our product range includes stainless steel cable trays, galvanised cable trays, and wire cable trays, available in multiple cable tray types -- closed, perforated, ladder, and wire-mesh.
