

Explosion-proof models of Nordic non-standard electrical distribution boxes

We are an industry leader and a manufacturer of the complete range of ATEX lighting & IECEx compliant explosion-proof electrical equipment for various applications.

Our reliable electrical enclosures protect automation and control systems in some of the world's harshest environments, enhancing system-wide safety and resilience.

BARTEC offers one of the most extensive ranges of explosion-proof and substance-resistant components, devices, and systems for controlling, switching, and connecting for hazardous areas ...

This clever design reduces the need for heavy cast metal enclosures and conduit seals. It minimizes safety risks caused by incorrect installation such as wrong torque on the bolts or improperly poured ...

Explosion proof distribution box components for use in hazardous areas - Zone 1 and 2; Zone 21 and 22.

Durable Hexlon Explosion Proof Distribution Boxes and Electrical Enclosures, IECEx and ATEX certified for Zone 1 and Zone 2.

Crouse-Hinds series AGP17 ATEX and IECEx explosion-protected distribution boards and control assembly are designed for MCB distribution of lighting circuits, heating circuits, socket distribution ...

Explore EX Industries" certified explosion-proof and flameproof enclosures, ensuring safety and compliance in hazardous environments.

Spike offers UL-certified explosion-proof enclosures with NEC, IECEx, and ATEX certifications. Fast lead times and custom designs. Request a quote now!

Introduction to Akron Electric, Explosion Proof Enclosures, & Hazardous Locations Explosion-Proof Junction Boxes AXJ Series - External Flange AXJ-FCS Series - External Flange Flat Cover EXI ...
