

Factory Communication Optical Cable Assembly Winding

Custom manufacturer of cables and cable assemblies including RF cable, semi-rigid cable, flexible cable, network cable, data cable coil winding and wire. Specializing in complete electronic and ...

Whether you need electromagnetic coils or custom components for semiconductor manufacturing, we can help. Our services also include inventory management and kitting and assembly, providing you ...

Whether you require precision winding for delicate optical fibers, robust solutions for aerospace applications, or customizable options for medical technology, our team is ready to assist.

Cable assembly manufacturer delivering custom cable assemblies and wire harness assemblies built to customer designs and BOMs, with manufacturing support in the USA and Taiwan. Offering expert ...

We specialized in the design, engineering, and manufacturing of custom wire harnesses, cable assemblies, and integrated electronic mechanical devices (box builds).

The machine consists of three separate units, a cable pay-off units, a cable cutting unit and a cable take up unit suitable for outdoor or armoured fiber optical cable cutting, coiling and winding.

We provide solutions and equipment for optical glass making, fiber drawing, fiber coating, ribbon making, proof testing and fiber optic cable production. Our technology is used to produce telecom preforms, ...

In addition to cable selection, this application guide discusses the connectors, adapters, and patching required for a structured cable deployment. It also explains selection and best practice applications ...

The cable is positioned perfectly side by side without major gaps or cable crossings, ensuring high quality and a very presentable product. The Precision Coiling Unit is 100 % automatic and eliminates ...

Our automatic winding machine ensures the production of high quality fiber coils. Among its capabilities: fiber axis orientation adjustment and tension regulation.
