

Fiber optic switch power supply 42V

With the ability to reduce voltage from 56V to 24V and support up to 95W loads, this power supply unit offers unmatched flexibility. The outputs can be aggregated to provide higher power at the network ...

Mouser offers inventory, pricing, & datasheets for 42 VDC Power Supplies.

This stabilised 42V power supply can supply a DC current of up to 24A and a power of 1000W. The output voltage is front-side adjustable between 33V and 42V and the current between 0 and 24A.

This stabilised 42V power supply can supply a DC current of up to 24A and a ...

Shop DigiKey's large in-stock selection of Fiber Optic Switches, Multiplexers, Demultiplexers. View inventory, pricing and order now for same day shipping!

A 42V switch mode power supply (SMPS) is a highly efficient and compact solution for converting electrical power in various industrial, automotive, and renewable energy applications.

The powered fiber cabling solution combines high-performance, low-latency fiber-optic data connectivity with a copper low-voltage dc power connection. This enables the connection of any number of ...

Sorensen XPH42-10 - Single Channel DC Power Supply (42V / 10A / 420W) Allow us to earn your business and make this purchase easy.

Price and other details may vary based on product size and color. Made with chemicals safer for human health and the environment. Manufactured on farms or in facilities that protect the rights and/or ...

Embedded LINQ Technology allows you to monitor, control, and report power and diagnostics from anywhere. This unit is designed to support a single 12V LiFePO 4 (Lithium Iron Phosphate) battery ...

Choose from our selection of 42V DC switches, including manual switches, limit switches, and more. Same and Next Day Delivery.
