

Fiberglass Wire Tray Jumper

Choose from our selection of bonding jumpers in a wide range of styles and sizes. Same and Next Day Delivery.

Use these jumpers to make electrical bonds between sections of cable tray.

Our Fiberglass tray weighs 1/3 that of steel trays and is pound for pound stronger. This makes the tray easy to install, reduces the possibility of lifting accidents, and lowers transportation costs.

Tested for ABS, NEMA and IEC, B-Line series fiberglass cable tray is ideal for harsh, marine and caustic environments. Learn about its corrosion resistant properties.
