

Guinea Multimode Optical Splitter

Get the best deals for Fiber Optic Splitter 1 in 3 Out at Ubuy Guinea. Shop now and enjoy fast shipping and easy returns on all orders.

Our SM and double-clad fiber coupler offerings also include a selection of components ideal for OCT applications.

The multimode couplers are available in 50/125um and 62.5/125um fiber types and operate at 850nm or 1310nm wavelength range. Multimode Couplers are available with 3mm cable jacket, 900µm loose ...

Our Multimode Fiber Optic Couplers come standard with 62.5/125 µm fiber, with low insertion loss and a broad operating wavelength range from 800 to 1600 nm. The 1x2 and 2x2 couplers are offered in ...

Fibertronics, Inc. offers customizable fiber optic couplers with various sizes & split ratios. Couplers enable travel of light waves through multiple paths.

Fiber optic splitters include PLC type fiber optic splitters and FBT type fiber optic splitters. Available in single mode and multimode with 900µm loose tube fiber or 250µm bare fiber connectorless or any ...

Multimode fiber optic PLC splitter (OM1/OM2/OM3/OM4 multi-mode fiber PLC splitter) splits optical signals in 50/125, 62.5/125 multimode fiber.

Both 1XN and 2XN splitters can be constructed in this fashion with as many as eight or more outputs, with both low return losses and low insertion losses. This design is extremely flexible, allowing one to ...

Single-mode optical splitters are designed to work with single-mode optical fiber, while multimode optical splitters are designed to work with multimode optical fiber.

Manufactured with step-index fibers with core diameter ranging from 50 to 400 µm, they offer uniform splitting ratios across output channels. They operate bidirectionally with low loss and a stable ...
