

High-density rack DC power distribution unit energy-saving type in stock

Featuring a robust industrial design and circuit protection, Delta's line of power distribution units have a modular design for quick and easy installation. They are also scalable to match power ...

The PX4 is more than just a rack power distribution unit. It is a unified rack PDU solution that provides forward-thinking tools, sensors, and insights to solve ever-evolving infrastructure challenges.

Metered-by-outlet Rack Power Distribution Units (Rack PDU) with Switching provide real-time energy management and on/off control at the outlet level to provide advanced data center energy management.

Complementing this, Delta's Rack Power Distribution Units (rPDUs) ensure steady and reliable power flow to every device inside a rack cabinet, with built-in protection and intelligent management features.

Perfect for data centers, server rooms, and IT setups, these high-quality PDUs ensure safe, organized, and efficient power management. Choose from trusted brands offering durable and customizable ...
