

Huawei Digital Power Micro Module

Huawei's 3000W AC & HVDC power module enables efficient AC-DC and HVDC conversion, delivering stable and reliable power for telecom networks and data center infrastructure.

The modular data center, comprised of micro modules, has become more and more popular. The modules' flexibility and predictability are highly valued by telecom carriers.

We provide a series of AC-DC modules, DC-DC modules, and chip-based PSiP to simplify the power supply design and facilitate fast development and smooth evolution of products and solutions.

Huawei delivers prefabricated modular data center solutions with One Module One DC and container data center designs, enabling fast deployment and scalable data center delivery.

Discover Smart Micro Modular Data Center Solutions with One Row One DC, delivering integrated power and cooling, flexible scalability, and reliable performance.

Huawei Digital Energy Technology Co., Ltd. has been granted a patent for a semiconductor power module and power electronic device, which ...

Huawei FusionModule2000 is a modular data center solution with smart modules, integrating power, cooling, and energy management to support efficient data center deployment.

Digital Power: Access product manuals, HedEx documents, product images and visio stencils.

Huawei FusionModule2000 is a modular data center solution with smart modules, integrating power, cooling, and energy management to support efficient data ...

Developing clean energy, promoting the digitalization of traditional energy, integrating digital and power electronics technologies, and converging information and energy flows to drive energy revolution for ...

Huawei Digital Energy Technology Co., Ltd. has been granted a patent for a semiconductor power module and power electronic device, which reduces the likelihood of cracks at ...

Huawei Digital Power delivers digital power solutions and products globally, spanning Smart PV, Smart Charging Network, Data Center Facility, Critical Power, and DriveONE.

Huawei Digital Power Micro Module
