

Lithuanian DAC High-Speed Cable 25G

The 25G DAC cable is an essential solution for data centers that need fast, reliable, and affordable short-distance connections. It delivers high bandwidth, low latency, and cost savings while ...

Buy E25GSFP28SRDAC2M compatible 25G SFP28 DAC cable 2m for Cisco, Mellanox, Juniper, Intel, and Arista compatible networking applications.

Siemon SFP28 25G passive Direct Attach Copper Cable assemblies are designed to exceed industry standard performance offering a cost-effective, low latency, low-power option for high-speed data ...

Up to 25.88243 Gbps data rate. Hot-pluggable SFP 20PIN footprint. Compliant with enhanced EMI/EMC performance. RoHS Compliant.

With these features, this easy to install, high speed, cost-effective direct attach copper twinax cable is suitable for short-distance connectivity within a rack or between adjacent racks in data centers.

IAT SFP28 products offer an ultra-high performance, cost effective solution for 25-Gigabit speed applications in switched fabric I/O, switches, routers, data storage arrays, and high performance ...

Our 25G SFP28 DACs (Direct Attach Cables) consist of two SFP28 modules with a copper cable permanently embedded into each end. The SFP28 passive cable assemblies are high-performance, ...

Lumulus Passive Direct Attach Cables (DACs) offer high-speed, low-power, and cost-effective connectivity for intra-rack data center applications. Supporting SFP, QSFP, DSFP, and OSFP form ...

C-LIGHT independently developed the 25G DAC high-speed cable, whose communication protocol complies with IEEE 802.3ba; interface protocol complies with SFF-8431, SFF-8472; packaging ...

Compliant with SFF-8402 and IEEE 802.3by standards, this zero-power consumption solution is the gold standard for connecting 25G servers to 100G Top-of-Rack (ToR) switches. It offers near-zero latency ...

Lithuanian DAC High-Speed â€‹â€‹Cable 25G
