

Low-loss fiber optic distribution boxes for island applications

TXM's OUTFDB16A Optical Termination Box is designed to connect feeder/distribution cable to the subscriber's drop cable in the FTTx networks. This design has 2 input ports and 16 output ports on ...

Outdoor 16-port fiber optic distribution box with IP67 waterproof rating, low insertion loss (0.15dB), and multi-connector support for FTTx networks.

Large capacity weather-resistant cabinets designed to protect fiber optic splices in both buried and aerial distribution systems.

The 12 port ftt fiber distribution box is designed for connecting feeder cables and drop cables in fiber access networks. It is widely used in MDUs (multi-dwelling units), commercial buildings, and villas, ...

Premium-Line FTTH distribution box is aim designed for multi-purpose applications in FTTH projects, the dual layer design supports direct termination, and also FTTH distributions via mini splitter built in, ...

Each unit is carefully crafted to ensure high performance, flexibility, and easy integration into diverse environments, making them suitable for both urban and rural applications.

Simplify installation with AimiFiber's precision-engineered fiber termination kits and distribution boxes--crafted for flawless, efficient performance.

Designed for high-density fiber management, this robust enclosure accommodates up to 16 fiber connections. It supports larger optical splitters (e.g., 1x16) and is built to withstand demanding ...

Indoor/Outdoor FTTH Fiber Distribution Box, 4 Port Fiber Distribution Box with 4 LC Singlemode pigtails and 2 LC Duplex Singlemode adapters. Includes: Dimensions: 8.27" x 5.31" x 1.57";

Here are GAO Tek's Fiber Distribution Terminal, arranged based on their respective features, including Distribution Cabinet, Fiber Terminal Box, Fiber Splitters and Fiber Termination Kits.
