

Polish Laser Diode 800G

The semicooled 45°C laser diode operation provides for a significant reduction in TEC and overall power consumption. The module meets the stringent requirements of the telecommunications industry ...

The laser diode selector allows you to specify the wavelength, power and package and download datasheets for a wide range of high quality laser diodes.

Shop DigiKey's large in-stock selection of Laser Diodes, Modules. View inventory, pricing and order now for same day shipping!

The DLH800 series diode laser is ideal for applications that require a wavelength of 800nm and output power levels up to 2500mW. The laser features a compact design, long operating lifetime, easy ...

Check out our collection of 800 nm Fabry-Perot laser diodes with different optical powers. You can pick from Single-Mode (SM), Polarization-Maintaining (PM) or Multimode (MM) optical fibers, depending ...

Our vast selection of laser diodes includes both free-space & fiber-coupled outputs, like high-power Fiber-Coupled Multimode, high beam quality single mode, and narrow linewidth & wavelength ...

These lasers are commonly used for scientific applications involving spectral analysis, biology research, materials processing, communications research, and wide range of industrial processes. The driver ...

Laser Diodes from 808nm to 895nm from ALL TOP MANUFACTURERS, 10mW-500W, COHERENT / QUANTEL / LUMICS / LUMENTUM & More, Buy-Direct & Save on LaserDiodeSource

Find the right laser diode with just a few clicks. Just select your specifications in the search mask and you get an instant overview of all the laser diodes that meet your requirements.

Laser diodes are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many laser diode manufacturers including ams Osram, KYOCERA AVX, ...
