

San Marino Data Center Cold Aisle Rack-Mounted Servers

We provide the best solution to eliminate hot and cold air from mixing between aisles regardless of rack configuration and other design challenges. Whether it's live environment or new construction, ...

By isolating the cold aisle, containment reduces unintended mixing of cold supply air with hot exhaust air, maintaining uniform, predictable temperatures across all racks.

Several techniques can help optimize air flow in the data center. Arrange server racks in a hot aisle/cold aisle configuration. Most equipment manufactured today is designed to draw in air through the front ...

We manufacture fully customized racks designed to support cold aisle solutions that align with your airflow requirements and energy efficiency goals. With NexGen's precision manufacturing, you'll have ...

Following a collaborative, customer-driven approach, we provide the best containment options for each project. Whether ceiling hung or integrated with aisle structure, our containment solutions are ...

Cold aisle containment systems use doors at aisle ends, ceiling panels or lids above racks, and structural frames to create enclosed zones where cold supply air flows directly to IT equipment ...

With hot aisle architecture, the supply air is directed onto the front of the racks and the hot discharge air ducted back to the PAC units through the ceiling void; this provides better room temperature control ...

Adapt Versatile Aisle Containment Solutions for Both New and Existing Data Centers. Cool Shield(TM) products provide customers with versatile, turnkey aisle containment systems for new or existing ...

Sliding Doors offer data centers aisle-end containment in just minutes and without the need for contract labor. The one-tool design allows for quick and easy installation, removal, and re-installation with ...

Aisle containment is the practice of enclosing either the cold aisles or the hot aisles between server racks to prevent chilled supply air and warm exhaust air from mixing.
