

Single-core optical cable heat shrink tubing 1

Shop DigiKey's large in-stock selection of Heat Shrink Tubing. View inventory, pricing and order now for same day shipping!

Shop high-quality optic fiber heat shrink tubes for reliable fiber protection. Enjoy durable, transparent, and efficient solutions for your networking needs.

A specially designed cross-linked Clear Heat Shrinkable tubing, with Clear fusion tubing liner, providing protection to fiber optical splices. Available with single fiber and ribbon fiber. Customized designs are ...

The tubing comes in a wide range of sizes, colors, and materials. When heated, it shrinks to conform to the size and shape of the underlying material - making installation fast and easy.

3M Heat Shrink Tubing and Devices provide an easy solution for insulating and protecting wire, cables, connections and components. These field-proven products are known for ease of use and durability, ...

Choose from our selection of heat-shrink tubing, including over 850 products in a wide range of styles and sizes. Same and Next Day Delivery.

Consist of cross linked polyolefin, Hot fusion tubing and Stainless Reinforcing Steel Rod which keep optic transmission properties of optical fiber and enhance the protection to optical fiber splices.

It is composed of cross-linked polyolefin, a hot melt tube, and a steel rod. This tube is designed to provide protection and structural support for fiber optic splicing. To rebuild the coating of fiber to ...

As a world technology leader in the manufacture and design of interconnects and cable assemblies, Amphenol Industrial Operations (AIO) realizes there is a need for quality heat shrinkable materials.
