

Tunisia Three-Year Warranty DAC High-Speed €€€ Cable SFP

These direct-attach-cable (DAC) copper Twinax cables are ideal for equipment connections in data centers and wiring closets and are a cost effective alternative to optical cable assemblies.

This cable provides low insertion loss and ultra-low crosstalk. And it complies with IEEE 802.3, SFF-8431, and hot-pluggable QSFP28 MSA standards, ensuring reliability of your network with full system ...

SFP+ direct attach cable with a 10 Gbps max data rate.

Axiom Twinax Direct Attach Cables (DAC) are 100% compatible in all OEM applications. They are pre-configured with an application specific code to meet the requirement set forth by the router and ...

DAC Cables line-up Sample any cable below at standard 14-day lead. Volume pricing on request -- engineering replies within four working hours.

The third-party 10G direct attach cable is an ideal substitute to the Cisco SFP-H10GB-CU10M SFP+ 10G DAC cable at an affordable price, providing a cost-effective compatible solution for high-performance ...

This cable offers cost-effective and reliable connectivity for short-range distances within data centers or networking environments. The SFP-H10GB-CU3M ensures exceptional performance with minimal ...

The third-party 10G direct attach cable is an ideal substitute to the Cisco SFP ...

An SFP+ Direct Attach Copper (DAC) is a twinax copper cable with SFP+ connectors permanently attached at both ends. It is designed for short-range, high-speed connections between ...

High-speed Volex Direct Attach Copper (DAC) cables deliver reliable, energy-efficient data transfer for data centers. Customizable, tested and ready to deploy.

25G SFP28 DAC is the next logical migration from 10G to reduce the cost per Gbit/sec and provides 2.5 times the bandwidth of 10G using in the same SFP form factor. It is ideal for data center top of rack, ...
